PRAVEEN RAJ . M

FRONT-END DEVELOPER

Tirupur | 8870109579 | praveen172002@gmail.com | LinkedIn

SUMMARY

Front-End Developer with project experience and internship background, skilled in building responsive websites. Using modern web technologies to create user-friendly interfaces, I aim to contribute effectively to web development projects.

SKILLS

HTML	CSS	JavaScript	Responsive Design	MS Office Package
Basic Command Lines	React	Version control with Git	UI/UX	Python

PROFESSIONAL EXPERIENCE

Front-End Development Internship, Rosemallow Technologies   **Dec 2024 - Present**

- Developed a responsive portfolio website using React.js, implementing modern UI/UX principles.
- Created an interactive website application with HTML, CSS, and JavaScript, featuring real-time updates.
- Collaborated in an internship program to build and maintain client-facing web applications using current front-end technologies.

PROJECTS

Malicious URL Detection System

- Developed a URL Detection System that efficiently identifies and analyzes potentially malicious web links.
- The system employs JavaScript to validate URLs in real-time, featuring an intuitive user interface that alerts users about suspicious links through clear visual indicators.

EDUCATION

Master of Computer Science (M.Sc CS)   **2022 - 2024**

Hindustan College of Arts and Science

CGPA - 68%

Bachelor of Computer Science (B.Sc CS)   **2019 - 2022**

K.S.G College of Arts and Science

CGPA - 73%
